**Part Number: 1201SM-2MP (1 Amp)
1202SM-2MP (2 Amp)**

- 13.8 Volt DC Regulated output switchmode. Full current to stated load
- Battery current limiting circuit
- Over-discharge protection
- Mains transient protection
- Current limiting protection
- Short circuit protection
- Over voltage protection
- LED Diagnostics
- Maximum Battery capacity up to 1 x 9Ah or 1 x 18Ah only.
- Voltage free terminals for:
 - Mains Fail
 - Battery Missing/Weak
 - Power Output Fault

CE APPROVED
EMC TO EN55011
RFI TO EN55022

- Mild steel construction
- White powder coated finish
- Hinged style box
- Wiring Instructions inside product
- More efficient and environmentally friendly
- Top, bottom and Rear cable entry
- Front Tamper

Dimensions

Size: 340x310x80 (mm)

Weight: 3kg
