### DESCRIPTION

In order to install a panel it is necessary to place a box in the wall where we will subsequently fix the panel. For those cases where it is not desirable or possible to make a hole in the wall for the flush box (marble facades, stone facades etc..) it is recommendable to use a surface box.

It's depth is of only 33mm., and its design integrates perfectly to the aesthetic of the panel. When different panels are combined a set of joining bolts is not required.

Available in all the series. Select the box of the necessary series depending on each case.

### TECHNICAL SPECIFICATIONS

S8: Dimensions: 130x389x33mm (width-height-depth)

**Weight:** 0,54185 kg

**Size of product when packed:** 39,1x13x3,4 cm

**EAN 13:** 8,4243E+12
