ACT736-36
Duo proximity card

Overview

The DuoProx card offers a solution for companies desiring to use one card, requiring dual technologies, for multiple applications.

Features

By combining two technologies on one card, the DuoProx card provides the benefits of proximity for access control applications, and meets the requirements for industry standard magnetic stripe applications.

Details

- Offers universal compatibility with all HID proximity readers
- Provides an external number for easy identification and control
- HID standard 32-bit configuration
- Meets ISO standards for thickness; Use with all direct image or thermal transfer printers
- Accepts either a horizontal or vertical slot punch
