

Datasheet

CDV-850IP - Touchscreen IP Door Station

Product Description

The CDV-850IP is a multiway video door station part of the 2EASY IP range, featuring a 170° fisheye camera, touchscreen menu and an integral dual technology RF card reader.

The IP system facilitates connection through PoE, making the 2EASY IP range seamless and easy to use. It allows up to 32 door stations and monitors for a single house, 256 monitors for multi-entry apartment blocks and 8000 monitors for complex buildings. In addition, the free mobile app allows users to control access from their phone by receiving calls (when connected to an internet router).

The compatible IP monitor is the [CDV-471IP](#).
