

DA421

Proximity switch

Features

- Supply voltage 12V DC
- Relay type SPCO
- Indication through sounder & LED
- Made in Britain
- 5 year warranty

Description

These proximity request to exit (RTE) switches control a single pole change over (SPCO) relay with normally closed or normally open contacts.

These units are activated through close proximity. The RTE is ideal for use in 'clean' rooms where minimum contact with objects is required to reduce the risk of cross contamination.

Product codeDescriptionDA421Proximity request to exit switch, slim-line white plastic for architrave.
