PROXIMITY READERS/ DGLI-WLC - Standard

Product description

The DGLI-WLC from CDVI is a stainless steel proximity card reader.

As with the other readers from the range, the DGLI-WLC gives an anytime status of the door through multi-coloured LED's.

This access control reader has a high performance read range and is easy to mount. Plus, the DGLI-WLC is vandal proof and has been externally rated.

Digiprox®
