

GSM-SC

Plug-on GSM Unit with GSM/GPRS World SIM for use with SecureComm

The GSM/GPRS unit is supplied with a pre-fitted World SIM that will **only** work with that device. The unit communicates with *SecureComm* - our cloud based solution via the *HKC APP* and *SmartLink700* software. *SecureComm* provides a heartbeat (polled) connection to the GSM-SC which will signal a loss of communication in the event of an interruption in the GPRS signal.* All alarms and alerts are notified to the user via the Smartphone APP (audible and text). The GSM-SC can also be used to connect to *SmartLink700*.

- Plugs directly onto *Quantum 70* panel (version 3.1 or higher panel software required)
- Plugs directly onto *SW-1070* panel (version 3.1 or higher panel software required)
