

MOONAR

Flush proximity reader

CDVI Group Products

Range : CDVI

The MOONAR from CDVI is the latest proximity card reader.

These stylish new readers are available in both black and white. As with the other readers from the range (NANO, STAR and SOLAR), the MOONAR gives an anytime status of the door through multi-coloured LED's.

These access control readers have a high performance read range and are easy to mount. The MOONAR is also a 125kHz proximity vandal proof reader.

With a innovative design and a low power consumption, the MOONAR card reader is now available from CDVI.
