

DART PREMIUM COBALT HOLESAWS

'Outlasting other leading brands by up to 3 times' – DART's Premium Cobalt Bi-Metal Holesaw has a proven track record of durability and performance.

Our most popular sizes are:

Product Code	Description	RRP
DPH014	DART 14mm Premium Holesaw	£5.07
DPH016	DART 16mm Premium Holesaw	£5.07
DPH020	DART 20mm Premium Holesaw	£5.40
DPH025	DART 25mm Premium Holesaw	£6.45
DPH032	DART 32mm Premium Holesaw	£7.96
DPH038	DART 38mm Premium Holesaw	£9.11
DPH051	DART 51mm Premium Holesaw	£10.88
DPH064	DART 64mm Premium Holesaw	£12.79
DPH070	DART 70mm Premium Holesaw	£13.23
DPH073	DART 73mm Premium Holesaw	£13.43
DPHK10	DART 10 Piece Premium Holesaw Kit	£79.76
DPHK13	DART 13 Piece Premium Holesaw Kit	£112.74

Suitable for cutting the following materials:

Why buy?

- 8% Cobalt for extreme resistance and long life (especially for cutting stainless steel)
- Largest range in industry – 65 sizes (from 14 – 210mm)
- Will cut thin and thick gauge materials – 38mm cutting depth
- Variable pitch & precision teeth allow for aggressive material penetration and swarf clearance
- Tooth design provides smooth, fast cutting action
- Enhanced heat and wear resistance
- Exceptional quality at an affordable price – offering outstanding value

PROBLEM SOLVING!

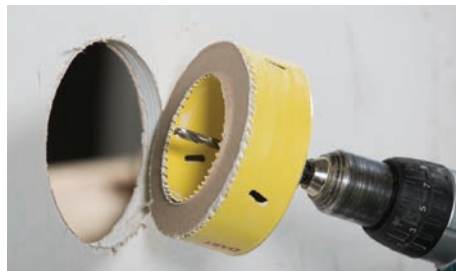

Ever tried to enlarge an existing hole?

The problem:

- Often difficult to enlarge a hole that has been made too small as there is no material to centre on
- This makes it impossible to accurately and safely cut the enlarged hole

The solution:

- Thread of DART arbor is designed long enough to take two DART holesaws
- Smaller holesaw sits higher than larger one and acts as the stabilising centre
- Use the original size of holesaw to steady and centre the drill
- The larger one then creates a perfect enlarged hole.
