REMTH

Remote Test and Hush Unit

Updated
REMTH model
available soon!

DESCRIPTION

Wired Remote Test and Hush unit that allows for system testing of all interconnected alarms or to hush unwanted alarms from one location

KEY FEATURES

- **Separate Test and Hush buttons**
- **One-man test** – via Latch selectable test alarm feature
- **LED displays red or green** dependant on status (green = mains healthy, red = test, hush or locate)
- **Wall mounted** in single gang back box (not supplied)
- **Selectable hush period** – 8 or 15 minutes

WHERE TO USE

For convenient test and hush of multiple alarms from one single location. This unit should be installed by a qualified electrician only, in conjunction with hard-wired smoke and heat alarms.
