

The RoLP Solista is a low current LED sounder beacon. The device is extremely efficient, making it ideal for notification purposes where sounder circuit capacity is limited.

### Features

- Low current - LED technology
- Single installation point
- 32 tones (user selectable)
- Two stage alarm

### Benefits

- Reduced current consumption vs. Xenon alternative
- Beacon and sounder in one package
- Alert and alarm function

### Dimensions

### Technical Specification

<b>Voltage</b>	9 - 15Vdc 18 - 28Vdc
<b>Current</b>	15mA (Typical Tone 3)
<b>Sound Output</b>	102dB(A) (Typical Tone 3)
<b>Tones</b>	32
<b>Light Output</b>	> 0.5cd
<b>Flash Rate</b>	1Hz
<b>Volume Control</b>	10dB
<b>Monitoring</b>	Reverse polarity
<b>Temperature</b>	- 10°C to + 55°C
<b>Protection</b>	IP54 (s)* IP65 (d)*
<b>Construction</b>	ABS, PC lens
<b>Weight</b>	0.3Kg
<b>Colours</b>	Red or white
<b>Flash Colour</b>	Red

(s)\* Shallow Base  
(d)\* Deep / U Base

RoLP Solista White
