# SIEMENS

# SPCK420/SPCK421

# Standard Keypad

LCD keypad with 2 x 16 character display/card reader

---

- **Standard keypad with 2 x 16 character LCD display**
- **Integrated card reader**
- **Wireless plugging option**

**User friendly operation:** The standard keypad with its 2 line LCD display, soft keys, and multi-dimensional navigation key is ideal to operate smaller systems or single areas in a user friendly way.

**Authorized access:** The integrated card reader enables quick setting and unsetting of areas by use of a proximity card only or in combination with a valid user PIN.

**Wireless Access Point:** The optional wireless module adds a wireless access point for wireless detectors and remote controls to allow excellent reception quality in the keypad area.

**Technical data**

SPCK420/SPCK421

| Functional Data | |
|---|---|
| Display | 2 x 16 characters |
| LED indicators | 3 status LEDs |
| Special keys | 2 soft keys, 1 multi-dimensional navigation key |
| Radio module | Optional (SPCW112) |
| Interfaces | X-BUS (in, out) |
| **Power Data** | |
| Operating voltage | 9.5 ~ 14 V DC |
| **Mechanical Data** | |
| Tamper contact | Front/back spring tamper |
| Operating temperature | 5° ~ +40 °C |
| Housing | Plastic Housing (Polycarbonate) |
| Colour | RAL 9003 (signal white) |
| Dimensions | 112 x 185 x 28 mm |
| Weight | 0.380 kg |

SPCK420

| Power Data | |
|---|---|
| Operating current | Max. 90 mA at 12 V DC (backlight, LEDs, sounder operated) |
| Quiescent current | Max. 45 mA at 12 V DC |

SPCK421

| Functional Data | |
|---|---|
| Card Reader | Integrated (125kHz, EM 4102) |
| **Power Data** | |
| Operating current | Max. 110 mA at 12 V DC (backlight, LEDs, sounder, reader operated) |
| Quiescent current | Max. 80 mA at 12 V DC |
