DESCRIPTION

In order to install a panel it is necessary to place a box in the wall where we will subsequently fix the panel.

For those cases where it is not desirable or possible to make a hole in the wall for the flush box (marble facades, stone facades etc..) it is recommendable to use a surface box.

It's depth is of only 55mm., and its design integrates perfectly to the aesthetic of the panel. When different panels are combined a set of joining bolts is not required.

Available in all the series. Select the box of the necessary series depending on each case.

TECHNICAL SPECIFICATIONS

ST2: Dimensions: 154x244x55 mm (width-height-depth)

Weight: 1,451622 kg

Size of product when packed: 15,4x24,4x9,6 cm

EAN 13: 8424299046464
